*Increasing Adoption of Mobile Devices Coupled With High Usage of Mobile Based Services across Various Verticals to Boost the Global A2P SMS Market at a CAGR Of 4.4%*

Increasing Adoption of Mobile Devices Coupled With High Usage of Mobile Based Services across Various Verticals to Boost the Global A2P SMS Market at a CAGR Of 4.4% April 19, 2017 /MarketersMedia/ -- A2P (Application-to-Person) SMS messaging also known as professional or enterprise SMS is a process for sending SMS by an application to a mobile subscriber. This service is used by many businesses for the purpose to communicate with its customers or to send time-sensitive alerts resulting in improving communication and increasing efficiency this includes, banking notifications, automatic booking confirmations, appointment reminders, marketing notifications, loyalty programs and SMS based on two factor authentication. Presently, A2P service is used by major industrial verticals such as BFSI (Banking, Financial services and Insurance), retail, marketing, healthcare, tourism, media and others. For example, financial institutions use A2P SMS for sending automated, event-based notifications to their customers.

Browse market data tables and in-depth TOC of the A2P SMS Market to 2025 @ <http://www.theinsightpartners.com/reports/a2p-sms-market>

The global A2P SMS market was estimated at US \$40.45 billion in 2015. This market is expected to grow at a CAGR of 4.4% between 2016 and 2025, to reach US \$62.10 billion in 2025.

The vertical segment of this service include BFSI, retail, media & entertainment, travel & transport, hospitality and others. The BFSI segment of A2P SMS has the highest growth among all other verticals owing to increase in the usage of mobile based banking services that includes money transfers, online payments, generating OTPs, transaction notifications, fraudulent activity warnings, checking account balance and other such services. Increased awareness about the benefits of using a bank for safety of money is expected to drive customers subscribe to various banking services. Eventually this would lead to growth of BFSI vertical in the A2P messaging arena.
