

The New Launch Collections Announces the Launch of The Santorini

The Santorini at Tampines Avenue 10 is located at a stone throw away to Tampines Hub, Singapore first Regional Town Centre

The Santorini at Tampines Avenue 10 is located at a stone throw away to Tampines Hub, Singapore first Regional Town Centre Singapore, Singapore - April 20, 2017 /MarketersMedia/ -- Singapore - 20 April 2017 - The New Launch Collections, an established leader in Real Estate Consultancy, today announced the the debut of The Santorini, residential new launch at Tampines Avenue 10, at a stone throw away to Tampines Hub, where connectivity such as Tampines MRT & Bus Station are and conveniences like Tampines Mall, Tampines One and Century Square Shopping Mall too. In Tampines Hub, Singapore first Regional Centre, offices where Multinational Corporation Companies and Government Sectors operate. Making it an investment with high capital upside potential.

According to The New Launch Collections Real Estate Consultant Jason Oh, The Santorini new launch will be available for purchase immediately and strictly by appointment only through Developer's Sale Team - Jason Oh at 8222 2255.

"We are very excited to share this new launch, The Santorini is brought to you with refine and quality fixtures and fittings. Residents in Tampines and its vicinity like Pasir Ris and Simei have been eagerly anticipating for The Santorini and we are so pleased to deliver such a quality project. We have been working on this product for several years and it is exciting to finally see it hitting the marketplace," said Oh. "The New Launch Collections project team has done an excellent job of creating a new launch we know consumers will absolutely love. We spent a considerable amount of time and money researching and developing this project and we are very confident that consumers will find it a great value for money. We are very confident that this is the best new launch executive condominium in the market today and we feel that consumers will agree with us."
