

Dental CAD-CAM Market 2017 by Product, Product Segmentation, Analysis and Forecast To 2021

Global Dental CAD-CAM Market, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years.

Global Dental CAD-CAM Market, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. April 20, 2017 /MarketersMedia/ -- CAD is a software tool that is used to achieve accuracy in designing and modeling of products and components of an organization. CAD solutions are widely adopted by several industries such as the automotive, aerospace and defense, industrial machinery, electrical and electronics, and others. These solutions allow end-users to develop prototypes of their products digitally before the commencement of the production. They also help engineers, architects, and design professionals draft industry-specific products that enhance the overall product development.

Publisher's analysts forecast the global dental CAD-CAM market to grow at a CAGR of 8.15% during the period 2017-2021.

Covered in this report

The report covers the present scenario and the growth prospects of the global dental CAD-CAM market for 2017-2021. To calculate the market size, the report considers the revenue generated from dental CAD-CAM.

The market is divided into the following segments based on geography:

-Americas

-APAC

-EMEA

Publisher's report, Global Dental CAD-CAM Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

-Align Technology

-Danaher

-Dentsply Sirona

-Planmeca

-Zimmer-Biomet

Other prominent vendors

-3Shape

-Amann Girrbach

-CIMsystem

-Dental Wings

-Enhanced Geometry Solutions (EGS)

-exocad

-Hexagon

-Ivoclar Vivadent

-Jensen Dental

-Schütz Dental

-Straumann.

Market driver

-Growth of edentulous and geriatric population

-For a full, detailed list, view our report

Market challenge

-Longevity of restorations

-For a full, detailed list, view our report

Market trend

-Use of intra oral scanners and open architecture solutions

-For a full, detailed list, view our report

Table of Contents

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Market research methodology

PART 04: Introduction

Part 05: About dental CAD/CAM software

Part 06: Market landscape

Part 07: Market segmentation by product

Part 08: Geographical segmentation

Part 09: Buying criteria

Part 10: Market drivers

Part 11: Impact of drivers

Part 12: Market challenges

Part 13: Impact of drivers and challenges

Part 14: Market trends

Part 15: Impact of trends

Part 16: Five forces analysis

Part 17: Vendor landscape

Part 18: Appendix

Part 19: Assumptions
