

## **Felicity Jane Digital Launches New Site for Sunshine Coast Chamber Alliance**

*Given the agency's focus on helping small businesses succeed, the major project funded by Sunshine Coast Council grant was especially meaningful, Felicity Jane Digital reports*

Given the agency's focus on helping small businesses succeed, the major project funded by Sunshine Coast Council grant was especially meaningful, Felicity Jane Digital reports

SUNSHINE COAST, Australia - April 20, 2017 /MarketersMedia/ -- Felicity Jane Digital, one of the country's leading full-service web design and development agencies, announced the completion and launch of a brand-new website for the Sunshine Coast Chamber Alliance. With more than 30,000 small companies registered on the Sunshine Coast, the area has been called the "entrepreneurship capital of Australia," given how many residents own and operate their own businesses.

Driven by a deep dedication to helping small businesses succeed, Felicity Jane offers a full range of digital design, development, and marketing services that leverage cutting-edge technologies and strategies to produce leads and results. The new Sunshine Coast Chamber Alliance website will help that highly effective organization support and empower even more businesses in the area. Entirely mobile friendly and highly optimized for performance and search engine visibility, this major project reflects the quality of work that has helped make Felicity Jane one of the most highly regarded digital agencies in the region, as shown in reviews collected at [felicityjane.com.au](http://felicityjane.com.au).

"We're happy to report that the new Sunshine Coast Chamber Alliance website is now online," said Jane Cluff, founder and owner of Felicity Jane Digital. "It was a true honor to tackle this important project, because we have long admired the important work the Chamber Alliance carries out. Most of what we do here at Felicity Jane aims at helping small businesses succeed and grow, so being able to take on this project was especially meaningful. As the founder and owner of a business myself, I love the entrepreneurial spirit that runs so strongly through the Sunshine Coast. We're proud to be able to help the Sunshine Coast Chamber Alliance in its important, highly productive mission."

In addition to being one of Australia's fastest-growing areas, the Sunshine Coast of Queensland is also a major destination for tourists, with the region of about 300,000 year-round residents attracting more than 3.2 million visitors annually. These factors and others have combined to make the Sunshine Coast one of the most hospitable places in Australia to small businesses and entrepreneurs, with programs like the Innovation Centre at the University of the Sunshine Coast encouraging further momentum.

The Sunshine Coast Chamber Alliance brings together Chambers of Commerce from across the area to coordinate their efforts and develop a wider perspective that better reflects and serves the interests of businesses all across the region. As one of Australia's most highly regarded full-service digital design and development agencies, Felicity Jane was in December of last year awarded the contract to develop a new website for the group. Funded by the Sunshine Coast Council's grants program, the new website is online now at [sunshinecoastchamberalliance.com.au](http://sunshinecoastchamberalliance.com.au).
