

## **Spatial Light Modulator Market and Competitive Landscape Highlights 2017 - Research and Markets, Forecast - 2022**

*Spatial Light Modulator, By Type (Optically Addressed, Electrically Addressed), By Application (Optical, Display, Holographic) - Forecast 2016-2022*

Spatial Light Modulator, By Type (Optically Addressed, Electrically Addressed), By Application (Optical, Display, Holographic) - Forecast 2016-2022 Pune, India - April 21, 2017 /MarketMedia/ -- Market Highlights

SLM or Spatial Light Modulator is a component which imposes spatially varying modulation on beam of a light. Overhead projector in the institutes and organizations are the best example of a Spatial Light Modulator. Some factors which are driving the market of spatial light modulator are growing economy and expansion of organizations as well as implementation of advance technology in education sector. Technological advancement in the field of information technology is also one of the factor supporting the market. Global Spatial Light Modulator Market has been valued at US ~\$215 million in the year 2015 which is expected to grow at US ~\$553 million by the end of forecast period with expected CAGR of ~15%.

Spatial Light Modulator:

Spatial Light Modulator can be explained as a transmissive or reflective device which is used to spatially modulate the phase of an optical wave front and amplitude into two dimensions. For this study, the Spatial Light Modulator market has been segmented into types and applications. Optically Addressed and Electrically Addressed SLM are the types whereas the applications are- Optical, Display, Holographic among others.

Key Players for Spatial Light Modulator Market:

- o American Electric Power (U.S.),
- o Texas Instruments Inc. (U.S.),
- o Jenoptik AG (Germany)
- o Laser 2000 (UK) Ltd,
- o Forth Dimension Displays (UK),
- o Santec Corporation (U.S.),
- o PerkinElmer, Inc., (U.S.),
- o Holoeye Photonics AG (Germany),
- o Hamamatsu Photonics (Japan),
- o Meadowlark Optics, Inc (U.S.).

"Ask for your specific company profile and country level customization on reports."

Commenting on the report, an analyst from Market Research Future (MRFR)'s team said: Global Spatial Light Modulator market is seeing tremendous opportunities in the upcoming period. Growing applications areas and technological advancement are key drivers for this market. Currently, Asia-Pacific is dominating the market closely followed by North America and Europe. Developing nations and presence of manufacturing industry in China and Japan are supporting the market in Asia-Pacific.

Intended Audience

- o OEMs
- o Technology Service Providers
- o Investors in Technology and IT
- o Government

## o OEM Technology Solution Providers

Taste the market data and market information presented through more than 50 market data tables and figures spread in 110 numbers of pages of the project report. Avail the in-depth table of content TOC & market synopsis on "Global Spatial Light Modulator Market Research Report- Forecast 2022"

## Table of Content

1	Market Introduction
1.1	Introduction
1.2	Scope Of Study
1.2.1	Research Objective
1.2.2	Assumptions
1.2.3	Limitations
1.3	Market Structure:
1.3.1	Global Spatial Light Modulator Market, By Type
1.3.3	Global Spatial Light Modulators Market: By Application
2	Research Methodology
2.1	Research Type
2.2	Primary Research
2.3	Secondary Research
2.4	Forecast Model
2.4.1	Market Data Collection, Analysis & Forecast
2.4.2	Market Size Estimation
2.4.3	Market Crackdown & Data Triangulation
3	Global Spatial Light Modulators Market: Overview
3.1	Introduction
3.1.1	Definition
3.1.2	Market Segmentation of Spatial Light Modulators Market
4	Global Spatial Light Modulator Market, Competitive Landscape

Continued.....

## List of Tables

Table 1	Global Spatial Light Modulator Market, By Type
Table 2	Global Optically Addressed Market, By Region
Table 3	Global Electrically Addressed Market, By Region
Table 4	Global Spatial Light Modulator Market, By Application
Table 5	Global Optical Market, By Region

Continued.....

## List of Figures

Figure 1	Research Type
Figure 2	Global Spatial Light Modulator Market: By Type
Figure 3	Global Optically Addressed Markets: By Region (%)
Figure 4	Global Electrically Addressed Market: By Region (%)
Figure 5	Global Spatial Light Modulator Market: By Application (%)
Figure 6	Global Optical Market: By Region

Continued.....

The report gives the clear picture of current market scenario which includes historical and projected market size in terms of value, technological advancement, macro economical and governing factors in the market. The report provides details information and strategies of the top key players in the

industry. The report also gives a broad study of the different market segments and regions.

#### About Market Research Future:

At Market Research Future (MRFR), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.
