

## **Medical Imaging Market is growing rapidly after 2016 at the CAGR of 6.2%, Forecast 2022**

*Medical Imaging market information, by modality (ultrasound, computed tomography, x-ray, radiography, MRI, nuclear imaging and others), by end users (hospital/clinics, diagnostic centers, laboratories, and others) - Forecast to 2022*

Medical Imaging market information, by modality (ultrasound, computed tomography, x-ray, radiography, MRI, nuclear imaging and others), by end users (hospital/clinics, diagnostic centers, laboratories, and others) - Forecast to 2022  
Pune, India - April 21, 2017 /MarketMedia/ -- Market Highlights

The global medical imaging market is growing rapidly and is expected to grow more. Medical imaging techniques are providing accurate diagnosis of disorders and ailments.

There has been huge demand for medical imaging in healthcare companies, hospitals, clinics, and laboratories. Numerous benefits offered by medical imaging, is increasing demand of the same highly in the market.

Major Market Players:

- o Carestream Health, Inc.,
- o Esaote SpA,
- o Fonar Corporation,
- o Fujifilm Holdings Corporation,
- o GE Healthcare,
- o Hitachi Medical Corporation,
- o Hologic, Inc.,
- o Narang Medical Limited,
- o Philips Healthcare,
- o Samsung Medison Co. Ltd,
- o Shimadzu Corporation,
- o Siemens Healthcare,
- o Toshiba Corporation

Intended Audience

- o Medical imaging service providers
- o Medical imaging devices manufacturers and suppliers
- o Contract Research Organizations (CROs)
- o Research and Development (R&D) Companies
- o Government Research Laboratories
- o Independent Research Laboratories
- o Government and Independent Regulatory Authorities
- o Market Research and Consulting Service Providers
- o Academic Institutes and Universities

Key Finding

- o The medical imaging global market is expected to reach billion by 2022.
- o Ultrasound segment holds the largest share of the market.
- o North America holds the largest market share of medical Imaging market and is expected to reach billion by the end of 2022
- o Globally, Asia-Pacific is the fastest growing region and is expected to grow at the rate of from

2016 to 2022

Taste the market data and market information presented through more than 30 market data tables and figures spread over 80 numbers of pages of the project report. Avail the in-depth table of content TOC & market synopsis on "Medical Imaging Market Research Report - Global Forecast To 2022".

Market Segmentation:

Segmentation by modality

- o Ultrasound
- o computed tomography
- o x-ray
- o radiography
- o MRI
- o nuclear imaging
- o tactile imaging
- o echocardiography
- o thermography

Segmentation by end user

- o Hospital/Clinics
- o Diagnostic Centers
- o Laboratories
