

Mentalizer Education Launches Mentalizer.net

Mentalizer.net, a new site by Mentalizer Education, is now live

June 23, 2017 (FPRC) -- Mentalizer Education has launched a new website for bookings and providing information on the art of mentalism. According to Wikipedia, Mentalism is a performing art that combines various magic tricks for entertainment purposes. The new website, according to Mentalizer Education, will help events companies and individual organizers who are planning birthday parties, corporate get-togethers, and other events to make bookings.

Mentalizer Education is run by Ehud Segev, one of the most popular mentalists in the world. Ehud Segev was born in the Israeli city of Safed. While growing up as a young boy, Ehud spent a lot of his time reading books on mind-reading, body language, mysticism, and other fields related to mentalism. At one time, the local librarian was so alarmed that he required the young boy to bring a written permission from his mother. By the time he was 19 years old, Ehud's special abilities to read minds, entertain people, as well as perform super-natural feats were evident. Among other things, Ehud Segev could make credit cards fly, and bend spoons with his mind.

Amazed by the teenager's abilities, the Israeli media started referring to him as the 'Mental Analyzer'. Today, Ehud Segev is referred to as the Mentalizer. He's appeared on dozens of major national and international broadcasting networks, and entertained audiences on almost every major city in the world. Mr. Segev was featured on NBC's 'phenomenon' hit show, as well as the international mentalism show 'The Successor'.

In addition to being a bestselling author of two books (Secrets of the Voice and 9 Steps to Influence), Ehud Segev is also the holder of the U.S EB-1 Classification. This is a special recognition that's awarded by the Department of Homeland Security to individuals who are at the very top of their fields. Mr. Segev's recognition was given as a result of his work entertaining U.S service members in far-away bases. Bestmentalist.com, a website that tracks and ranks mentalists, placed Ehud at position #3 on its top-10 list.

Hannah Tiram, a brand manager at Mentalizer Education, said, "We are excited to announce that our new site, Mentalizer.net, is now available. This is a brand-new platform that will provide quick information on mentalism, as well as allow event organizers and individual planners book the services of Ehud Segev. Individuals who are looking to get in touch with the Mentalizer can do so via the online contact us form. At Mentalizer Education, we are working extra-hard to make sure that we have an easy-going for our followers. Stay tuned to Mentalizer.net for more."
