Ehud Segev has been named #3 on the latest ranking of the world's best mentalists

July 28, 2017 (FPRC) -- BestMentalist.com today named Ehud Segev among the 7 best mentalists around the world. In the latest ranking that was released this week, Mr. Segev was featured alongside well-known industry bigwigs such as Uri Geller, Derren Brown, and David Blaine. This is the second time this year that Ehud Segev has been highlighted among the world's best mentalists by a universal ranking.

BestMentalist.com is an independent website that tracks mentalists, magicians, mind readers, and some of the world's best performers. The site is not affiliated to any particular mentalist, and is designed to help event organizers and individual party planners find the best mentalist or entertainer to rock their event. The website also publishes a lot of interesting information on the art of mentalism, as well as covers event attendances by some of the best mentalists. The most recent ranking puts Derren Brown at number one, David Blaine at position 2, Ehud Segev at position 3, Marc Salem at number 4, the Amazon Kreskin at number 5, Uri Geller at number 6, and finally Marc Helfand at the last rankable slot (position 7).

Ehud Segev is a world-renowned mentalist who was born in the Israeli city of Safed back in 1979. Growing up, young Ehud spent a lot of his time reading books on mind reading, mysticism, body language and effective communication at the local library. By the time he was a teenager, Mr. Segev was already highly skilled and could easily make people laugh, decode body language, and even read minds. When he was 19 years old, Mr. Segev attracted massive coverage from Israeli media when he correctly predicted the winner in a mayor's election, choosing from a total of 12 candidates and just relying on face photos. Mr. Segev has since then appeared on numerous national and international TV shows and prime time broadcasting programs. He has also entertained guests at both private and corporate events in nearly every major city around the world.

In addition to his immense success as an entertainer and performer, Mr. Segev also educates corporate employees on important workplace skills such as body language and effective communication skills. More so, he's the bestselling author of two books: *Secrets of the Voice*, and *9 Steps to Influence*. *Secrets of the Voice* is a book that explores how the voice can be used as an important tool to deliver lasting messages. The book is popular with public speakers. *9 Steps to Influence*, on the other hand, is a handy text that outlines the basics of mentalist. Both books are available to readers via Amazon Kindle, and audio versions can be obtained at Audible.com.
