August 11, 2017 (FPRC) -- One of Ehud Segev's two bestselling books, the 9 Steps to Influence, is now available in Audio book format. This is a significant new move that will help increase the number of people who acquire this book, which essentially focuses on the basic elements of mentalist. A lot of readers nowadays prefer the convenience of audiobooks, which they can listen to as they drive or engage in other productive tasks. This helps save time compared to reading eBooks or paperback versions where you have to invest all your attention and concentration in the text.

The 9 Steps to Influence is the work of Ehud Segev, one of the world's leading mentalists. Ehud Segev was born in the Israeli town of Safed back in 1979. Growing up in Upper Galilee, young Ehud spent most of his time at the local library, reading books on body language, mind reading, mysticism, and other cryptic subjects. By the time he was a teenager, Ehud was already a skilled mentalist. At 19 years of age, he correctly predicted the winner in a mayoral election by just studying the face photos of the contestants. Since then, Mr. Segev has been a national and international sensation who's traveled the world and entertained special guests on hundreds of events. He has also appeared on dozens of national and international TV shows, including NBC's phenomenon hit show. At one time, Mr. Segev was rewarded with the EB-1 classification by the U.S. Department of Homeland Security for his work entertaining U.S. servicemen in far away bases. Mr. Segev has been ranked among the best mentalists in the world today.

Ehud's first-ever book, the 9 Steps to Influence, reveals the fundamental secrets and techniques mentalists use to manipulate and influence people. The book is written in such a way that both beginners and advanced readers can derive the most out of it. In the text, readers learn how to use the power of mentalism in 9 easy steps. The book is recommended for individuals who are looking to tap in the innate powers of their mind, but who are not interested in reading complicated psychological research texts.

Hannah Tiram, the spokeswoman at Ehud Segev's Mentalizer Education, said, "We are glad to announce that one of the two bestselling books by Ehud Segev, is now available in audio format.
