Ehud Segev is one of the most esteemed mentalists in the world. Ehud was born in the Israeli city of Safed 38 years ago and developed an interest in the supernatural at a very early age. Growing up in Upper Galilee, young Ehud would spend hours on end reading books on communication, body language, mysticism, magic, and other cryptic subjects at the local library. At one time, the librarian was so alarmed at the extraordinary topics the young boy was consuming that he asked him to bring a permission from his parents. Ehud emerged into the national limelight when he was still a teenager. At the age of 19, he correctly predicted the winner in a hotly contested mayor's election. This earned him prime time slots on some of the largest broadcasters in Israel. Since then, Mr. Segev has been a global sensation. He has traveled the world and entertained special guests in almost every major city, from New Delhi to New York, Sofia to Accra. Ehud was also awarded the exclusive EB-1 classification by the U.S Department of Homeland Security for his work entertaining U.S. servicemen from around the world. Today, he educates corporate leaders on important skills related to body language and communication.

Ehud Segev's book, 9 Steps to Influence, focuses on the fundamentals of mentalism. It elaborates how everyday people can master this precise art, and use it to exert influence and make their lives more impactful. Through the book, Ehud Segev makes mentalism much easier for the ordinary folks to grasp, and puts it in such a way that it can be internalized and practiced. In addition to 9 steps to influence, Mr. Segev has also written another bestselling book going by the title 'Secrets of the Voice'. This book focuses on the power of the voice in the context of communication.
