

Mentalist Ehud Segev Launches the Mentalizer Shop on his Official Website

World-renowned mentalist Ehud Segev has launched an online shop on his Mentalizer.com website

October 11, 2017 (FPRC) -- Mentalizer.com has launched a new online shop where it will sell books by Ehud Segev and other mentalism resources. Apparently, the firm is looking to make its products more accessible to its fans around the world. Mentalizer.com is operated by Ehud Segev, one of the world's leading mentalists, and an authoritative figure in the field of unique entertainment.

Ehud Segev was born in the Israeli City of Safed. While growing up in Upper Galilee, young Ehud spent most of his time at the local library, reading books on body language, mind reading, mysticism, and other cryptic subjects. By the time he was a teenager, Ehud was already a national sensation. At one time, he correctly predicted the winner in a mayor's election by just studying face photos of the 12 contestants. Mr. Segev has since then traveled the world and entertained special guests in almost every major city. He also hosts seminars to educate corporate employees on important workplace skills such as body language and effective communication.

Ehud Segev is the bestselling author of two books, *Secrets of the Voice*, and *the 9 Steps to Influence*. Both of these books are available on Amazon's Kindle platform, as well as on Audible.com. *Secrets of the Voice* is an elaborate text that highlights the power of the voice as a unique communication tool. The book illustrates how people can use aspects of the voice to decode meaning, and how public speakers can utilize their voice for influence. Ehud's second book, *9 Steps to Influence*, is a crash course to mentalism. This particular book shows how everyday people can use aspects of mentalism to exert influence and make their own lives better.

Both these books will be available to fans via the new Online shop, which will be located at <http://www.mentalizer.com/shop>. Other products that will be available to consumers through this platform include the Anomal DVD, the 'How to become a mentalist' program, and a combination unit featuring several of the Mentalizer's releases.
