About Michaelann R. Smith:

Originally from a small, rural community on the shores of Lake Erie in Northwestern Ohio, Michaelann R. Smith left Ohio in late 2000 with her husband and children for Indiana. Working several jobs while residing in Indiana, she suddenly took ill and could no longer work outside of their home. Determined to keep herself busy and be a productive member of society again, she turned to writing. Just occupying her mind at first and entertaining her online friends, she did not take her writing seriously until 2015 when she started work on her series *More Money for the 99%*.
