

Removals Beverley Sign-write Their New Van

Removals Beverley have added a new van to their fleet. We think you will love the sign writing that has just been added to the van as it's been colored in the local football clubs black and amber kit.

September 28, 2018 (FPRC) -- Removals Beverley added another 3.5ton luton removal van to their fleet of removals vehicles when purchasing a second hand Ford Transit 2.4tdci t350 luton box van. After a few months of repairs and upgrades they have now had it professionally sign written into company colors and logos.

The sign-writing itself was carried out by Hull's premier sign writer and graphics specialist Richard Holey at SWP Graphics in Kingston Upon Hull.

The owner of Removals Beverley is a huge HULL CITY AFC fan and stated: 'As I already have a ford transit van in a livery matched to my favorite football teams colors it was only right the new van should match closely to maintain a similar company image'.

Hence the white transit luton van was adorned with the black and amber lettering that Hull City AFC have used for years on their club crests and match day kits.

I hope you see and like the bosses beloved mk7 transit driving around Beverley and Hull as much as he enjoys driving it around the country displaying his company details and club colors.

If your looking for sign writing or vehicle wrapping yourself you can contact Richard yourself by Visiting his website. You can also call him on Hull: 01482 770280 or 07505 216404.
