January 29, 2020 (FPRC) --

The Law Office of Joseph Shook of Miami is available to assist individuals and businesses with a wide array of services as a general practice law firm that specializes in employment discrimination and civil rights cases. As a lawyer who has been practicing for over 30 years, Shook has a wealth of knowledge and experience to effectively guide his clients through their cases. His office is situated in an elegant high-rise building in Coral Gables.

Very few individuals have lasted for as long as Shook as a solo practitioner. Having practiced law for decades attests to his determination and skill. This tenacity displayed by Shook carries over to each and every one of his cases. As a solo practitioner, he has developed unique insights into law as he has been able to engage in analysis and problem-solving without the constraints or pressures of a group or team.

Shook enjoys fighting for the abused and downtrodden, and helping them to attain justice. His firm is highly empathetic with clients, and he measures the firm's success with what he achieves for them. He believes that lawyers play a critical role in preserving the rights of individuals in our society, and he is proud to facilitate this process with his knowledge and skill.

Shook also defends businesses that have been accused of wrongdoing. In our system of law, there is a presumption of innocence, and businesses can at times be falsely accused of wrongdoing. He represents businesses with the same determination and gusto as he does those who have been mistreated by businesses. With decades of experience in law, businesses can be confident of his vast store of legal knowledge.

If you believe you have been a victim of wrongful termination or abuse by authorities, or have been accused of engaging in unlawful conduct, feel free to contact Shook for an evaluation of your case. If he believes you have a compelling case, he will let you know. If he takes your case, he will represent and guide you along the path to attain the best outcome possible for you.
