

Entrepreneur Katy Berrill Nominated for Prestigious National Business Award

Katy Berrill, founder of KCS Compliance and Bid and Tender Support, in the running for National Business Women's Award

September 23, 2020 (FPRC) -- The National Business Women's Awards are an annual event that honours businesswomen making waves in their industries. Honours are awarded in 19 separate categories, and the candidates and nominees are assessed by an expert panel of national judges. The event was founded to shine a light on women in business whose vision, drive, and dedication marks them out as industry leaders.

UK business owner Katy Berrill has been nominated for one of these prestigious awards, in recognition of her innovation, leadership, and achievements in business.

Katy, the director of the successful businesses Bid & Tender Support and KCS Compliance, has received a nomination for Business Woman of the Year in the Micro Business Category.

The first of her businesses, Bid & Tender Support, provides flexible and effective bid writing solutions for businesses of all sizes across a wide variety of industries, and has won clients more than £1bn in additional revenue over the past 10 years. Offering personalised, bespoke services for all clients to ensure they receive the assistance which is perfectly suited to them, Bid & Tender Support's tailored approach to bid writing means every company they work with will receive customised advice and support, as opposed to generic, cookie-cutter solutions.

Katy's second business, KCS Compliance, specialises in helping companies to achieve the appropriate accreditations and certifications for their industry, and to therefore inspire consumer confidence while remaining up to date with all the latest industry practices, regulations, and requirements. KCS Compliance also provide additional services such as audits, training, remote support, and consultation.

The National Business Women's Awards honour the nominees' innovations and accomplishments throughout their career, and are recognised within the industry as an accolade of excellence. Like finalist Katy Berrill, all the other nominated women have demonstrated innovation, leadership, and entrepreneurial drive, while representing an outstanding example of female accomplishment.

With the awards ceremony itself currently scheduled in for the evening of Friday November 20th 2020 (assuming no cancellations or postponements), the event will act as a celebration of some of the most talented female entrepreneurs within the UK.
